Deck Oven

Model : RBDO-23U

*One electrical connection for all decks per model

≡ FEATURES & BENEFITS ≡

- Microprocessor heating control**
 A consecutive step by step control method with a microprocessor allows for heating control from 0~100% to enable even and precise temperature control.
- Heat distribution**
 A heating system that enables even heat distribution inside the oven and heat retention help ensures even colorization of the product.
- Deck size**
 2 full- size trays capacity per deck.
- User-friendly display**
 Time setting allows for desired time setting using arrow buttons.
- See-through window**
 Able to observe baking progress.
- Adjustable legs & casters**
- Temperature control top & bottom heating element per deck**
- Overheat protection sensor**
 Once the unit is plugged in, protection sensors will set in to prevent serious burns.
- Safety enforced**
 Each unit is thoughtfully designed with well-rounded corners for the benefit of bread bakers and chefs.
- Variety**
 Perfect for variety of different bread types including cakes, pastries, and all other hard breads.
- Steam injection & ceramic stone plate option**
 With room temperature, high pressure steam at micron level, fine steam is evenly supplied to the bread surface.
